## EDUCATION

**IEC College of Engineering and Technology**  
*Bachelor of Technology in Computer Science Engineering*

Greater Noida, UP  
Aug 2015 – May 2021

**Chandrika Pandit Shanti Devi S.S. School**  
*Intermediate of Science*

Vaishali, Bihar  
Apr 2013 – Mar 2015

**Mother's International Academy**  
*Matriculation*

Patna, Bihar  
Apr 2012 – Mar 2013

## EXPERIENCE

**Frontend Developer**  
*Tekege Solutions Private Limited*

Aug 2023 – May 2024  
Siri Fort, New Delhi

- Integrated **RESTful APIs** and **WebSocket** endpoints to fetch and display dynamic data on web pages.
- Assisted in the implementation of bi-directional communication channels using WebSockets to enhance user interactivity.
- Debugged and optimized **FSM** implementations to enhance performance and reliability in web applications.
- Leveraged **Vuex** for state management, ensuring a consistent state across the application.
- Replaced jQuery-based functionalities with VueJS core concepts, such as reactive data binding, computed properties, and watchers.

**Associate Software Developer**  
*Bitwork Labs*

Jan 2023 – May 2023  
Patna, Bihar

- Developed user interfaces using VueJS and **Express** Framework to enhance UX and application performance.
- Collaborated with clients to gather requirements and translate them into technical specifications and features.
- Designed and normalized database in MySQL to optimize data storage and retrieval.
- Created API endpoints and database table to support application functionality and client needs.

**Junior Developer**  
*Fillip Technologies Private Limited*

Jan 2022 – Jan 2023  
Patna, Bihar

- Worked with frameworks such as VueJS, or ReactJS and **Laravel** or **CodeIgniter** to develop responsive web applications.
- Utilized version control systems like Git to manage code changes and collaborate with team members.
- Conducted user testing and gathered feedback to refine and enhance web interfaces.

**Intern**  
*Fillip Technologies Private Limited*

Aug 2021 – Dec 2022  
Patna, Bihar

- Assisted in designing and implementing user-friendly web interfaces using HTML, CSS, and JavaScript.
- Collaborated with UX/UI designers to ensure seamless integration of design elements and functionality.

## TECHNICAL SKILLS

**Languages:** HTML/CSS, JavaScript, SQL, PHP  
**Frameworks:** VueJS, NodeJS, Express, Quasar, NuxtJS, Laravel, CodeIgniter  
**Developer Tools:** Git, GitLab, GitHub, VS Code, Postman, Chrome DevTools  
**Database:** MySQL  
**Libraries:** React, jQuery, WebSocket, ChatJS, Prisma, Pinia, Vuex

## PROJECTS

*Tekege Solutions Private Limited*

**Aavaz360ne** | *VueJS, jQuery, MySQL, Eclipse Jersey, Java, Git*

Aug 2023 – May 2024

- Feature Development:** Created new interactive user features to enhance engagement.
- WebSocket Integration:** Implemented real-time communication for instant data updates.
- Design Patterns:** Used finite state machines for managing complex UI states.
- UI/UX Improvement:** Enhanced interface design for a more intuitive user experience.

**AavazPBX** | *VueJS, jQuery, MySQL, Eclipse Jersey, Java, Git*

Aug 2018 – May 2020

- Intuitive Interface:** Designed for ease of use, ensuring accessibility for all users.
- IVR Tree Development:** Designed and implemented IVR tree structures on the frontend interface.
- Testing and Optimization:** Conducted testing and optimization of IVR tree performance for enhanced user experience and efficiency.

**Dhariya Car Service Center** | *VueJS (Quasar Framework), MySQL, Express, Git* Jan 2023 – May 2023

- **CMS Admin Panel Development:** Designed and developed a comprehensive CMS Admin panel, incorporating modules for store management, parking lot assignments, and inventory control.
- **Module Implementation:** Successfully implemented and optimized the store, lots, and inventory modules, contributing to the efficient management of resources and operations.

**Rasaya Ecommerce App** | *VueJS (Quasar Framework), Directus (Headless CMS), Git* Jan 2022 – Jan 2023

- **Responsive Layout Design:** Engineered a responsive layout for product components and listings, ensuring compatibility across various devices and enhancing the user interface.
- **Cart Functionality Development:** Designed and implemented the cart functionality using Vuex for state management, facilitating smooth and efficient user transactions.

*Fillip Technologies Private Limited*

**Gangamemorial.com** | *VueJS, jQuery, MySQL, Laravel, Git* Jan 2022 – Jan 2023

- **Accounting Module Enhancement:** Upgraded the Admin Dashboard's accounting module, improving both the functionality and user interface to enhance user experience and operational efficiency.
- **User Interface Improvement:** Re-designed elements of the dashboard for a more intuitive and visually appealing user experience.
- **Bug Fixes:** Diagnosed and resolved critical bugs, ensuring the system's reliability and stability.

**Rnginternationalschool.com** | *HTML/CSS, jQuery, MySQL, Laravel, Git* Jan 2022 – Jan 2023

- **Attendance Module Enhancement:** Led the enhancement of the attendance module in the Admin Dashboard, focusing on streamlining operations and improving user interactions.
- **Functional and UI Improvements:** Overhauled the interface and functionality, providing a more robust and user-friendly system.
- **Issue Resolution:** Identified and fixed key bugs, contributing to the system's improved performance and reliability.

**Ancpatna.ac.in** | *HTML/CSS, jQuery, MySQL, PHP CodeIgniter, Git* Jan 2022 – Jan 2023

- **CMS Admin Panel Development:** Architected and developed a fully functional CMS Admin panel, enabling efficient content management and operational control for the website.
- **System Optimization:** Focused on creating a robust, user-friendly interface that streamlined administrative tasks and enhanced user engagement.
- **Backend Management:** Ensured seamless integration with the MySQL database, optimizing data handling and retrieval processes.

**Bihar State Finance Corporation Limited (BSEFCL)** | *HTML/CSS, Laravel, MySQL* Jan 2022 – Jan 2023

- **Admin Panel Module Development:** Designed and developed specific modules for the CMS Admin panel, contributing to the overall functionality and administrative control of the website.
- **Modular System Enhancement:** Focused on creating scalable and maintainable modules that streamlined operations and supported efficient financial management processes.
- **Database Integration:** Leveraged MySQL to ensure effective data storage and retrieval, supporting the operational needs of the finance corporation.

**Openmindbirladanapur.com** | *HTML/CSS, PHP CodeIgniter, MySQL* Jan 2022 – Jan 2023

- **Comprehensive CMS Admin Panel Creation:** Designed and implemented a complete CMS Admin panel, providing extensive content management capabilities to facilitate site operations.
- **Dynamic Front-End Development:** Developed dynamic front pages to enhance the user interface and deliver a responsive and interactive web experience.
- **PHP Mailer Integration:** Integrated PHP Mailer to support robust and reliable email functionality, improving the website's communication capabilities.
